Problem with Excel worksheet

Symptom

You have an error message when you click on the Phonedit Button "Worksheet"

Diagnosis

Office Web Components is not well installed or owc11.dll is not registered

To do

In order to use Excel in PHONEDIT Signaix, you need to have the [Office Web Components](https://www.microsoft.com/en-US/download/details.aspx?id=22276) installed on your machine (<https://www.microsoft.com/en-US/download/details.aspx?id=22276>)

1. Install [Office Web Components](https://www.microsoft.com/en-US/download/details.aspx?id=22276)
2. Test

If the problem is still there : you must register a dll manually

1. Try to find where Web Components are installed in particular owc11.dll

By default :

C:\Program Files (x86)\Common Files\microsoft shared\Web Components\11

Or

C:\Program Files\Common Files\Microsoft Shared\Web Components\11

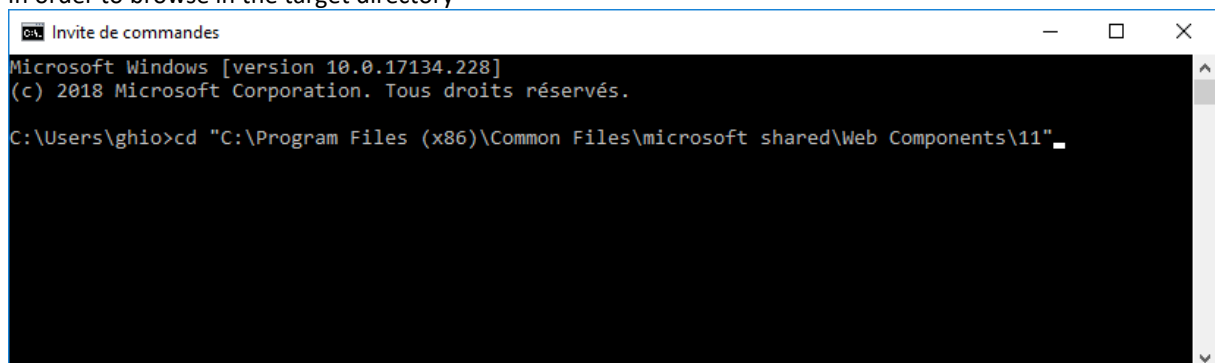

Check that owc11.dll is in this directory

2. Open a console with administrator rights

Press Windows+R to open the "Run" box. Type "cmd" into the box and then press Ctrl+Shift+Enter to **run** the **command** as an **administrator**.

3. Type: cd "C:\Program Files (x86)\Common Files\microsoft shared\Web Components\11"

In order to browse in the target directory

```

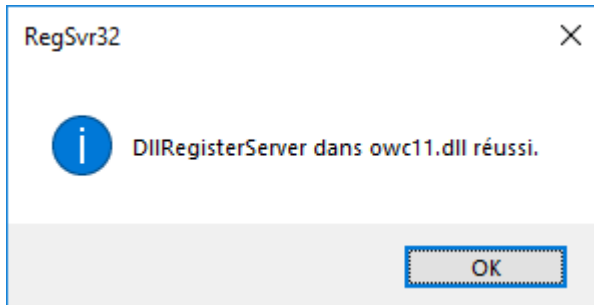

Microsoft Windows [version 10.0.17134.228]
(c) 2018 Microsoft Corporation. Tous droits réservés.

C:\Users\ghio>cd "C:\Program Files (x86)\Common Files\microsoft shared\Web Components\11"
  
```

4. Type the command : regsvr32 owc11.dll

You should see the success message

5. Restart Phonedit and try the Worksheet
